# SUFFRAGETS OUTWIT | McMANIGAL MAY GO POLICE IN LONDON

Riotous Scene Follows Effort of Offi-cers to Prevent Sylvia Pankhurst From Addressing Meeting.

London, Eng., Nov. 6 .- By a clever strategem, which hoodwinked the large force of police sent to prevent her force of police sent to prevent her from speaking, Miss Sylvia Pankhurst was enabled to announce at the Bow Baths, in the East End of London, the formation of a volunteer corps, organ-ized under command of Capt sir Fran-cis Vane, a Boer war veteran, for the protection of militant suffragets from labor unionists

cle Vane, a Boer war veteran, for the protection of militant suffragets from labor unionists.

Miss Zelie Emerson, of Jackson, Mich., presided over the gathering. Just as the meeting was called to order it was announced the residence of George Lansbury, former Socialist member of parliament, and a warm supporter of the militant suffragets, was surrounded by police. The crowd rushed from the Baths, found a large number of foot and mounted police around Lansbury's house, with a taxicap in front of the entrance.

Mr. Lansbury arrived on the scene and was uproarribusly greeted as he entered his home. The report was spread that the preparations portended the arrest of Sylvia Pankhurst.

The lights in the house were extinguished and suddenly a woman rushed from the doorway and sprang into the taxicab, which, surrounded by mounted police, proceeded to Bethnal Green. Then Miss Daisy Lansbury, daughter of the ex-Socialist member, stepped out, much to the discomfiture of the police.

Meanwhile Miss Pankhurst entered the Baths practically unobserved. The only disorder was caused by an attack by the women on a few reporters, whom they subjected of being detectives.

The general staff of the organization will be drawn from officers who have seen service. Men and women are eligible for the ranks.

Miss Pankhurst said the plan was based on the Ulster model and she expected the same immunity from government interference enjoyed by sir Edward Carson, the Ulster leader.

When Miss Pankhurst left the meeting she was surrounded by a bodyguard of East Enders and made her escape after a lively battle with the police, who had just returned and who were compelled to draw their clubs. The crowd retaliated with sticks and several of the belligerents were injured, among them Miss Emerson, who was knocked dokn and bruised about the head. She, too, escaped arrest, being carried away by sympathizers.

# Youthful, Beautiful Skin Easy to Have

(From The Clubwoman.)

You may be as healthy as a bird in the air and still bave a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spoil by external means. Ordinary mercelized wax will do this. It will actually absorb the weather-beaten film-skin, a little each day. In a week or two you'll have a brand new complexion, a new skin. The exquisitely beautiful and youthful complexion thus acquired, comes so easily, without harm or discomfort, there's no reason why any woman should not (From The Clubwoman.)
